SWUNG TO A LIMB.

LYNCHING OF JIM BAILEY.
A NEGRO, NEAR SMITH-
FIELD, IN JOHNSTON
COUNTY.

HE ASSAULTED A WHITE GIRL.

Was Disarmed by a Man of his Own Race—While on his Way to Jail a Mob Seized Him and Hanged Him to a Tree.

Charlotte, N. C., July 8.—A negro named Jim Bailey was lynched near Smithfield, N. C., last night for assaulting a white girl. Yesterday at noon Maud Strickland, the fourteen-year-old daughter of a farmer living near Smithfield, went to the field to carry dinner to her father. When returning she saw a negro in the path ahead. Her little sister was with her. The negro told the sister to go on or he would kill her. He caught Maud, choked her and assaulted her. Her little sister ran back to her father and told him what had happened.

Strickland and his brothers found that the negro was Jim Bailey and that he was at work in the field. They tried to capture him. Bailey was armed with a hoe and hatchet and escaped. Later he met two negroes, who disarmed him. Strickland and Charles Powell seized Bailey and put him in a buggy to carry him to Smithfield to deliver him to Sheriff Ellington. While on their way a mob met them four miles from town, took the negro from them and hanged him to a tree. Powell went on to Smithfield and the sheriff and coroner went out at midnight and brought the body to Smithfield.

It is said the lynching occurred about 10 o'clock last night.

Biggest ox in the World.

News and Observer.

Gulfport county is becoming famous for freaks and curiosities in the animal kingdom. Visitors to the last State Fair will remember the "Horse With Horned Feet," which was exhibited here on that occasion. Unfortunately this horse died last January. This horse, whose history has already been published by us, was bred and raised by John and Nattie Clark, two brothers, who live in Oak Ridge township, between Oak Ridge and Gulfport College, Gulfport county. These Clark brothers now have an ox bred and raised by them, which is eight years old, seven feet high and would easily weigh two thousand pounds if in good condition. His oxship is of no special breed and evidently gets his immense growth from being so well fed and cared for. The Clark brothers have an old maiden sister, all three living together in great poverty and the most primitive style. They associate with no one, and from appearances never use soap and water on their persons or cut their hair and beards. They are intensely ignorant, none of them being able to read or write. They have never been outside of Gulfport county. They are not only freaks and curiosities themselves, but protectors of freaks as well. All animal nature they have anything to do with seems to develop into the curious and freaky. They also have a young calf of unusual size for its age. Gulfport county can truthfully claim the biggest ox in the United States.

The President Ready to Issue his Proclamation.

Washington, July 6.—The President notified the members of the cabinet at the meeting today that he intends to issue a proclamation as provided by the Foraker law, declaring free trade between the United States and Porto Rico as soon as he is officially informed of the recent action of the Porto Rican legislature. The press dispatches announcing that the insular legislature had declared for free trade and that Governor Allen had signed the act were read at the meeting.

It is expected that when Governor Allen brings the official copy of the Porto Rican act to the United States he will lay it before the President at Canton, where Mr. McKinley will spend the remainder of the summer.

A Currituck Boy Weighs 690 Pounds.

Norfolk Landmark.

Mr. Louis Lewark, of Currituck county, N. C., has the distinction of being the biggest man in North Carolina. Louis is only 17 years old and tips the scales at 690 pounds. His shoes, which are always made to order by a firm in Elizabeth City, have the following dimensions. Seventeen inches instep, thirteen inches toe to heel, five inches across the ball of the shoe and thirty-one inches around the shoe. A man of ordinary build can place both of his feet in one of these shoes with ease. Lewark enjoys perfect health and is strong as a bull, being able to lift the weight that would require the effort of six ordinary men.

It is so Everywhere.

STREET CAR CONDUCTOR BEATEN BY NEGROES.

The Trouble Arose Over Putting a Negro Off His Car—One of the Assaults Arrested.

Winston-Salem, N. C., July 5.—Street car conductor Thomas Moser was handled pretty roughly this afternoon by a mob of negroes returning from the ball game at Southside between the Winston and Greensboro teams. The conductor put one negro off the car this afternoon for bad conduct. This negro and some of his friends watched for the car returning from the park when a rock was thrown, striking the conductor a severe blow in the mouth. Conductor Moser drew his pistol and went after the negro, shooting every ball out of his pistol.

The friends of the negro followed the conductor, overpowered him and beat him unmercifully. He was stabbed in the face and otherwise roughly handled. The motorman stopped his car as soon as possible and succeeded in running the negroes away from the conductor. The negro who threw the first rock was arrested tonight. Officers are still looking for the other members of the gang.

NO CRIME TO KISS IN SOUTH CAROLINA

The First Case in the Courts of that State for Such an Offense.

Columbia, S. C., July 3.—For the first time in the history of South Carolina criminal courts, a man has been prosecuted for kissing a pretty maid. The offender was C. C. Hopper, an official of the Clifton Manufacturing Company of Spartanburg, the victim Miss Maggie Cudd, age 16, buxom and pretty. Hopper is a married man and there was great interest in the trial. There was no doubt of the kiss, Miss Cudd convinced the jury. The indictment read "assault and battery of a high and aggravated nature." The jury did not think the kissing a penitentiary offense, and after hanging four hours found Hopper not guilty.

CHARBON KILLS MAN AND BEAST.

2,000 Mules Have Died in one County Alone.

Memphis, Tenn., July 5.—Charbon continues to spread in the Mississippi valley and animals are dying by the thousands. In Roseville county alone two thousand mules have died. Many persons have become infected. The first death was reported this morning, one negro dying during the night.

A White Man Marries a Negro.

New Haven, Conn., July 5.—The first instance since James J. Carr began a dozen or more years ago to issue marriage licenses in this city of a white man becoming the husband of a colored woman, occurred this afternoon in the city hall. Frank A. Guilo, aged 27, of Meriden, Conn., a good looking chap was the bridegroom and Rose Matthews, aged 21, of Naugatuck, Conn., was the bride.

The birthplace of the bride was in North Carolina. The ceremony was performed by a city official. Guilo said his bride had just come into possession of two thousand dollars.

Strikers Hold up a Train on the Southern.

Charleston, S. C., July 5.—A party of striking machinists held up a train on the Southern Railway at the city limits this morning, after forcing open the door hurled the 12 non-union men who had been shipped here to the ground. Detectives have been at work on the case with the hope of arresting the strikers, and there will be full prosecution. Because of the interference of strikers the Southern Railway shops may be moved from the city.

FOUR MEN DIE ON ONE GALLOW.

They Drove a Helpless Man From his House and Shot Him to Death in his Wife's Arms.

Chipley, Fla., July 5.—At Vernon, sixteen miles from here, four negroes were hanged this morning for murder. The names of the negroes were Belton, Hamilton, John Simmons, Jim Harrison and Will Williams. Williams, Harrison and Hamilton had been convicted of killing a helpless negro and almost killing his wife. It was added in the evidence that the three had warned the victim, Jeff Davis, to leave a certain turpentine camp. Davis obeyed instructions at once but was forced to return on account of lack of transportation of his household goods. He came back on October 2nd last and was at once spotted by his enemies, who surrounded him in his home, and stationing themselves behind convenient trees proceeded to riddle the cabin with rifle balls. Davis was told to put his gun outside, which he did, and was soon afterwards dragged from his house and shot to death while in his wife's arms. During the trial, Hamilton, on cross examination confessed, saying, "I'm guilty, before God, I am guilty and I ought to be hung until dead."

By his own confession also the others were convicted. John Simmons had killed another negro. The town was without railroad connection and rides of sixteen miles were made by all classes of peoples. At least 2,500 persons were present. The four negroes were made to ascend the gallows together at 10:55 a. m., and after short statements in which all claimed to be on the road to heaven, the trap was sprung and the four were plunged into space, remaining suspended for fifty minutes. Only one neck was broken, the others having died from strangulation.

PORTO RICO WANTS FREE TRADE

THE ASSEMBLY UNANIMOUSLY PASSES THE MEASURE.

Governor Allen has Signed the Resolution—The Joint Resolutions Will be Delivered to President McKinley by the Governor Himself.

San Juan, July 4.—In a joint session, lasting three hours, the Porto Rican Assembly today unanimously passed the free trade resolution. The assembly hall was crowded with people and cheers greeted the announcement that Governor Allen had signed the resolution.

The free trade resolution begins with a preamble in which reference is made to section three of the Foraker law. The resolution then continues:

"The Porto Rican Assembly, in extra session, and acting pursuant to the instructions of Congress, does hereby notify the President of the United States that by virtue of the Hollander and other acts it has enacted and put into operation a system of local taxation to meet the necessities of insular government and it hereby directs that a copy of this joint resolution be presented to the President of the United States and requests that Governor Allen deliver the resolutions in question to President McKinley to the end that the proclamation may be made by him, and if it shall seem well and proper to the President of the United States, the assembly requests that his proclamation be issued July 5th, as that day is being established a legal Porto Rican holiday to commemorate the anniversary of the coming of the American flag."

Governor Allen personally read a message before the assembly, in which he exhaustively reviewed the financial situation of the island, and showed that Porto Rico possessed abundant revenues for its needs without drawing upon customs receipts. Mr. Hollander's report on the island's resources from which revenue could be derived was considered sufficiently definite to warrant the joint resolution in favor of free trade.

Today's action of the assembly is considered to be the most important taken by it since the inauguration of Governor Allen.

BOERS WRECK A TRAIN.

WRECK.

BRITISH DISPERSE BOERS AT NOWELL

Greenfell's Men Captured 56 Wagons, 100 Rifles, 2,000 Rounds of Ammunition, and Took 93 Men Prisoners—Oom Paul Varies Fight for Independence.

London, July 5.—According to advices received by the war office today from General Lord Kitchener, the Boer forces caused a disastrous train wreck yesterday north of Naboom Spruit. The train came from Pietersburg. Although General Kitchener's advice, sent from Pretoria, gave no details of the wreck itself, it is inferred that the cars were blown up.

As a result of the wreck a lieutenant and nine men of the Gordon Highlanders were instantly killed, and one artilleryman, an engine driver, a fireman, a guard and four natives were injured. General Kitchener also reports to the war office that the British force under Lieutenant-Colonel Grenfell encountered Boer's commando at Nowell, July 4th. After a brisk fight, in which the British sustained no casualties, Grenfell's men captured 56 wagons, 100 rifles and 2,000 rounds of ammunition and dispersed the burghers. They also took 93 prisoners before the Boers fled.

There is a great deal of discussion here today over the tilt in the House of Commons yesterday concerning the responsibility for the continuation of the war in South Africa and the revelation during the debate that Mr. Kruger and General Botha were recently permitted to communicate. Oom Paul urged that the burghers prosecute the fight and accept nothing but independence.

The criticism of the leaders of the opposition for their alleged pro-Boer attitude seems to be popularly regarded as merited.

TALK OF ARMING PRIVATEERS.

Krugger Urged to Set Afloat a lot of Private Boats Until the Powers Intervene.

Brussels, July 6.—The Petit Bleu says that Mr. Kruger has lately referred to entertain proposals to arm privateers, but that the promoters are again urging the former President of the South African Republic to notify the powers that unless they intervene he will issue letters of marque. In the event of Mr. Kruger's continued refusal, the promoters propose to act without authorization.

A Deserter Arrested.

News and Observer.

Winston-Salem, N. C., July 4.—John Wallace, who enlisted for service in the United States army at Greensboro and deserted on June 13th, was arrested at his home in Salem, and tonight policeman Miller carried him to Charlotte to turn him over to the recruiting officer. Wallace stated that he was 21 when he joined the army, but it is claimed now that he is not that old. He has a wife and two children.

Georgia's First Electric Power Cotton Mill.

Columbus, Ga., July 4.—The Columbus Manufacturing Company's new 25,000 spindle cotton mill was formally started today, with elaborate ceremonies. This mill is the first in Georgia to be operated exclusively by electric power. Its power is obtained from the falls of the Chattahoochee. The mill is to manufacture brown sheetings for the trade of the far East.

LOOKING FOR SAILORS.

SEEKING RECRUITS FOR THE

SOUTHERN CITIES

CUNDOAT ALVARADO AT NEW BERNE.

Six Ships are Now Engaged in Training Young Men for the Naval Service—Former Boys Make Good Sailors.

Washington, July 5.—The converted Spanish gunboat Alvarado will leave Norfolk tomorrow for Newbern, N. C., where headquarters will be established and a rather extensive plan inaugurated for recruiting young men of the South for the navy. This is part of the plan developed by the naval bureau of navigation. After the Spanish war the need of sailors became so urgent that recruiting parties were sent into the interior, enlisting lusty farmer boys for service. The plan has worked so well that six ships—the Hartford, Lancaster, Buffalo, Dixie, Alliance and Mohican—are now engaged in training young men for naval service.

The officials are now turning their attention to the South, as they have been advised by letters from that section that North Carolina and other Southern states are fertile districts for obtaining young men for the service. One of these letters speaks of the splendid naval contingents recruited in the South during the Spanish war. It points out that North Carolina is full of sons and has a long water front on the ocean, so that there are many young men having some knowledge and aptitude for the water. Following this suggestion the Navy Department will now seek to make enlistments at various points in the South.

One party is proceeding by land from Port Royal and will visit the following Southern cities: Columbia, S. C.; Augusta, Ga.; Durham, N. C.; Greenville, S. C.; Charlotte, N. C.; Harrisburg, N. C.; Spartanburg, S. C.; Greensboro, N. C., and Atlanta, Ga. The Alvarado, which starts tomorrow, will visit all the principal cities along the sounds of North Carolina, as well as the by-ways and smaller settlements.

Down on "Machine Politics."

It is now assured that Montague (at present Attorney General) will receive the democratic nomination for Governor of Virginia. This is regarded as a triumph for Fitzhugh Lee over Senator Martin, and as an all-around defeat of the party machine.

(Like in North Carolina, the days of democratic "machine" politics seems to be few and full of trouble.)—Winston Republican.

Acres of Squirreling Snakes.

Philadelphia Record.

The workers on the new West Branch Railroad, between Karlsruhe and Clearfield, were chased from their haunts by hundreds upon hundreds of rattlesnakes and copperheads. Until the work on the new railroad began that section of the country was overrun with snakes. It is so rocky that forest fires could not disturb the reptiles, so that the cliffs and ledges became home and breeding places of countless numbers of them.

One gang of laborers in one day killed 42 copperhead snakes and 11 rattlers. In traversing a path less than a mile long Bert Greenmeyer killed seven copperheads. They appeared all to be going in one direction. The laborers of the new work are almost terrorized through fear of the poisonous reptiles, for nearly every blast brings a snake or two rolling down among them with the dirt.

Some of the gangs have employed men whose sole duty is to patrol a prescribed area and kill the snakes found therein. The men are afraid to go to bed lest they find a snake as a bed-fellow.

One of the men employed to kill snakes in two days slaughtered 102 copperheads and rattlers. He put them all on a pile, and the heap was large enough to fill four barrels. This man discovered one of the dens, and inside of two hours he had slain nearly 60 snakes.

Hail Storm and Cloudburst in Georgia.

Eutaw, Ala., July 6.—A terrific hail storm and cloudburst passed over a portion of Quitman county, Ga., to-day at noon. The storm covered an area of four miles and swept the farms in its path. Mill dams were washed away, fences demolished and low lands submerged. Farmers will be forced to plant over or relinquish their crops.

No. 11.
TRADE MARK
THE RED SHIRT MACHINE AND
IMMIGRATION.

Commenting on a proposition to
encourage immigration in Eastern
North Carolina the Asheville
zette very pertinently speaks as follows:

"Emigrants of the better sort seek
this country because it is a land
where liberty of conscience is not
only allowed but is protected. They
will not, knowingly, go where the
United States constitution, the flag,
the laws, nor even friendly con-
sideration for the opinions of others,
offers no protection against con-
spiracies of hoodlums. As
soon would they trust themselves
in boxer-ridden China. If eastern
North Carolina desires to attract a
decent class of immigrants to swell
its population it must abjure first
and for always the criminal red
shirt political leadership. It must
allow all citizens to exercise the
rights of their citizenship, and must
protect them in those rights. Two
political campaigns have been con-
ducted in the eastern counties of
this state, under inspiration of a
political clique calling itself democ-
ratic, which mob law, with all its
accompaniments of violence, intel-
ligence, intimidation and crime, has
subverted the constitution and the
laws of the state and the nation. No
man's life in those counties was safe
who dared to seriously protest
against this red shirt movement and
as to the elections held, there was
no pretense that they were not rot-
ten with fraud. All this must end
before eastern North Carolina can
invite immigration."

In the beginning the men who
came to this country and made it
great and powerful as it is were
those on whom in the old world the
heavy hand of intolerance and per-
secution lay. For hundreds of years
men had been denied the right to
think for themselves; in fact, to
hold an opinion was a crime if the
opinion came in conflict with the
views of some one who happened to
be on a more favored side. Thus
they were driven to find homes in
another land and America became
their refuge.

The growth and grandeur of
America is primarily due to this
immigration impelled by a desire in
the hearts of the wanderers to be
free. The seed of freedom fell upon
fertile soil. It has grown and pro-
duced much fruit. Liberty of
thought and its concomitant, liberty
of speech, have long been reckoned
priceless possessions of American
manhood. The safeguard of liberty
has been the ballot box.

It is evident that men settle and
thrive where liberty is best pre-
served. It is also evident that in
North Carolina liberty has at times
become an excuse for license, and
that certain men have so far for-
gotten themselves, become so un-
mindful of the struggles of their
fathers, and abandoned themselves
so completely to the lust of power
and office that they have endeavored
to choke the liberties of their fellow
men in the hateful folds of "red-
shirtism." The Democratic ma-
chine has debauched the sanctity of
the ballot, polluted of purity of elec-
tions, destroyed the liberties of their
fellows and enthroned hood-
lumism, ruffianism and thievery in
the high place where honor and
good conscience are wont to sit.

Such acts as these, such vile abuses
of the rights of suffrage are not con-
ducive to the location in the com-
munity of desirable immigrants.
They may draw knaves and thieves
as foulness draws disease, but good
men and true men and worthy men
are not attracted by such hideous
blots as the Democratic red shirt
machine has placed on the name of
North Carolina.

Many causes may operate to re-
tard the advancement of a state, but
there is no more potent cause than
the debauchery of its elections. It
is time that North Carolina should
purge itself of such drawbacks to
her advancement.

FREEDOM OF SPEECH.
The following editorial which ap-
peared in the last issue of the Times-
Mercury is very timely. We suggest
that the papers that are crying for
free speech in the "off years" paste
it in their scrap book for ready
reference in the next campaign.

"Seemingly, freedom of speech is
becoming a leading issue in this
State. But this is an off year, you
know. The issue may shift back to
red-shirtism by next year. Geese,
like chickens, go home to roost,
when the sun of light and liberty
goes down. Democratic papers are
practicing with diligence on this
subject. They want to realize how
one feels in the right, for once.
Some of them may be sincere. They
may have fully repented. We can
tell you better after the next
Democratic state convention meets,
and after the Simmons machine
pops its whip.

And we feel like shouting when

we read the religious papers. They
are loud and long for political lib-
erty, free speech and such things.
Doubtless they have just gotten
through a glorious revival and have
had their backslidings healed, and
the joys of salvation restored. But
these fellows who get religion and
shout loudest over protracted meet-
ings and fall from grace as soon as
the Christmas festivities come,
never impress anyone as being
Christian to hurt.

But it does sound so sweet and so
Christian to hear them now on their
sanctified knees pleading for justice,
free speech and Christian civiliza-
tion. The devil is certainly scared.
No doubt he is off pleading with
some trust company to come to his
relief. He doubtless tells them that
these papers do believe in liberty.
They believe one ought to be al-
lowed to condemn trusts, and then
have liberty to receive trust money
for education and for the building
up of Christ's kingdom in the world.

Yes, these papers want free speech.
Somehow they have found out we
have not had free speech in this
state. How they found out such a
thing, we can't say. And how they
can believe that people they edu-
cated in the principles of the meek
and lowly Jesus, would commit such
crimes, as throwing rotten eggs,
dragging speakers off platforms, and
with drunken red shirts, go to men's
rooms at night and force them away
under threats of death, and not al-
low them to speak, we can't see.
All this was done, though, by peo-
ple who read these good Christian
papers. And it was winked at by
the pulpits and leaders in the church.
And these papers, even, never
said a word about it. It may be
they never found it out. It may be
they found it out, and were afraid
to condemn it. It may be that is
what they are pleading for now:
next time they want the free-
dom to say, "Boys, you ought not
to do that." Or it may be they were
too busy about their "Master's busi-
ness." They may have been off
praying for the poor heathen in
Africa and China. It may be they
were trying to convince some one
that negroes have souls and are hu-
man beings.

Now when there is no campaign
on they can talk loud and long. Do
they not know that the men now in
office in the state got them by sup-
pressing free speech and by all man-
ner of hellish crimes? Do they not
know that men who will resort to
such schemes to get in, will resort
to them to stay in? Do they not
know that the religious papers will
be expected to dry up this plea for
liberty as soon as the next campaign
opens? And don't they know they
will do it? Now all this ado on their
part discredits honest, Christian
men. "Freedom of speech" is only
good for off years, and between
campaigns. Are they in earnest? We
will see."

POLITICAL WEATHER VANES.

Hon. Hilary A. Herbert, of Ala-
bama, Secretary of the Navy under
President Cleveland, a life-long
democrat, and a man of conspicuous
ability, has come out in a statement
calculated to send cold shivers up
and down the spinal column of our
virtuous contemporary, the News
and Observer. In a recent address
before the Bar Association of Ala-
bama, Mr. Herbert took occasion to
proclaim himself weary of the brand
of democracy of which the upright
and honorable News and Observer
is such a persistent supporter. He
expressed himself strongly on the
folly of attempting to make live
issues out of dead firebrands. The
question of the retention of the
Philippines is, he says, by the force
of circumstance and the verdict of
the people settled. While opposed
in the first place to the retention of
the islands, he bows to the inevita-
ble and accepts the result. Then he
passes on to other articles of the
democratic creed and takes much
the same position as has lately been
taken by Gen. Jule Carr to the con-
sternation of Brother Daniels.

Verily, these are bitter days for
our contemporary with the large
circulation and larger self-conceit.
So conscious of its righteousness that
it is "unwilling to believe" a
democrat can be a democrat without
being of the News and Observer
variety, it insists on being officially
informed by Gen. Carr that his
declarations on the political situa-
tion were really "responsible." We
tremble for the solar plexus of the
valiant News and Observer when
Gen. Carr gives it the desired in-
formation.

With Mr. Herbert and Gen. Carr
thousands of true democrats are
taking their stand and the number
is growing every day. We beseech
our venerable contemporary to wake
up, cast the beam out of its eye,
polish up its "range finders," forsake
"red-shirtism," and be true to itself,
if such things are possible to a con-
stitution so steeped in political in-
iquity. We assure it that with cor-
rect living and right thinking its
circulation may wax still stronger
and mightier.

Some days ago the editor of the
News and Observer, after being asked
to make a statement in regard to
what he thought of Col. Julian S.
Carr's northern speech, said that he
had written Col. Carr but at that
time had not heard from him, but
he did not believe that Col. Carr
made the speech as it was published
in all the papers. Of course the
editor of the News and Observer
will publish Col. Carr's reply just
as soon as he receives it.

RESTORING THE MASON AND DIXON LINE.

The monuments of the Mason
and Dixon boundary line between
Pennsylvania and Maryland have
suffered severely from the attacks
of vandals, and they will soon be
replaced with cast-iron markers.
Rapid progress is now being made
on the relocation of the line. The
eastern portion was originally
marked by stone monuments at
equal distances of one mile. Many
of these stones have been removed
or destroyed. The western portion,
owing to the great difficulty at that
time in the region traversed by the
line, was marked by wooden posts,
cut on the spot, and secured in
place by mounds of earth or stone
laid around them. These posts
have disappeared, but some of the
mounds remain. Many of them
have been destroyed by cultivation
of the ground. It is believed,
though, that enough of them can
be recovered to enable the reloca-
tion of the boundary with precision.

The Pennsylvania legislature has
appropriated \$7,000 to reset and re-
pair the boundary monuments and
the Maryland legislature \$5,000.
Mr. W. C. Clark, of Baltimore, is
cooperating with Secretary of In-
ternational Affairs Latta, of Penn-
sylvania in directing the work.

WHITE MAN TURNED YELLOW

Great consternation was felt by
the friends of M. H. Early, of Lex-
ington, Ky., when they saw he was
turning yellow. His skin slowly
changed color, also his eyes, and he
suffered terribly. His malady was
yellow jaundice. He was treated by
the best doctors, but without benefit.
Then he was advised to try Electric
Liver remedy, and he wrote: "After
taking two bottles I was greatly re-
lieved. A trial proves its matchless
merit for all stomach and liver
troubles. Col. 50s.
Sold by all druggists."

Italy Orders Southern Coal.

Knoxville, Tenn., July 9.—Local
mining companies received a joint
order today for 100,000 tons of East
Tennessee and Southern Iron
lumpy coal to be exported to Venice,
Italy, within the next six months.

SAVES TWO FROM DEATH.

"Our little daughter had an al-
most fatal attack of whooping cough
and bronchitis," writes Mrs. W. K.
Haviland, of Armonk, N. Y., "but,
when all other remedies failed, we
saved her life with Dr. King's New
Discovery. Our niece who had con-
sumption in an advanced stage, also
used this wonderful medicine and to-
day she is perfectly well." Dispep-
tic throat and lung diseases yield
to Dr. King's New Discovery as fast
as no other medicine on earth. It
relieves the most distressing cough,
cures for coughs and colds. 50c
and \$1.00 bottles guaranteed. Trial
bottle free.
Sold by all druggists.

Big Clothing Store Burned.
Sayreville, N. C., July 9.—The
big clothing store of Mike Fob was
partially destroyed by fire today.
The \$18,000 stock was damaged
from \$8,000 to \$10,000, mostly by
water.

Neuralgia

Every piercing, cutting,
tearing, burning pain of
this dreadful disease is a
call for help. The tortured
nerves are over-worked
and worn out. They are
weak, hungry, worried and
exhausted nerves, and they
take this way of making
known their urgent need
of rest and recuperation.
Heed this cry of distress.
"Dr. Miles' Nervine cured me
of Neuralgia in the head and nervous
prostration that had lasted for years. I
was blind in both eyes for three
months, and lost my right eye, but
never had an attack after I com-
menced its use."

Nashville, Tenn., July 7.—A rain
storm approaching a cloudburst
swept over Lynchburg, Moore coun-
ty, and vicinity, yesterday after-
noon. Mulberry creek, which half
way encircles the town, rose 10 feet
in less than 40 minutes, washing
away lumber, fences and bridges.
The postoffice at County Line had to
be anchored to prevent its being
demolished and the damage to far-
m lands is extremely heavy. Thou-
sands of mules were lost and much
wheat in shocks swept away. In
some instances, the growing corn
was totally destroyed. On the farm
of Mrs. Callie Bobo, where wheat
threshing was in progress, the
threshing and a loaded wagon were
carried some distance by the flood.
No loss of life has been reported.

Lonely Homes

A home is never complete without children.
Yet many homes are childless. Many wives
are desolate for the lack of a child to love.
Their lives are aimless—void of the high motive
of motherhood. While barrenness is causing in-
calculable sadness and sorrow, it exists in most
cases on account of some little female trouble,
which Wine of Cardui would speedily and safely
cure. This pure Wine regulates the disordered female
organs by building up the worn out nerves and
regulating the menstrual flow. It restores the
life and vigor to the proper place. By strength-
ening the generative organs, it makes preg-
nancy possible where barrenness exists. You
can depend on

WINE OF CARDUI

Suffering women all over the land have been
depending on it for seventy-five years. No
more convincing proof can be given than the
testimony of Mrs. Benson, who is only one of
thousands of women to whom Wine of Cardui
has brought a permanent cure. Many cases of miscarriage—
which mothers of their hopes—have been avoided by timely use of the
Wine. You are asked to try Wine of Cardui and Theodore's Black-Druggist
its companion medicine. Nine out of ten cases of female trouble, barren-
ness included, yield to them. All druggists sell \$1.00 bottles of Wine of Cardui.
Vanderbilt, Ark., April 5, 1900.
Last May I had a miscarriage, which was followed by flooding. I read
your Almanac and my husband got me a bottle of Wine of Cardui and
soon my flooding and nervousness were cured. Now I am
cured after taking three bottles and have another to take which I got this
morning. I am expecting to become a mother and will credit you with
my recovery. Write me at once. Mrs. MARY L. BENSON,

miles by direct road from Yuma, Ariz.
Development work has been in progress for the last six years, and
more than 10,000 feet of shafts, drifts, levels and cuts have been com-
pleted and paid for by the owners.
Upwards of fifteen million tons of ore are now ready for the mill.
all of which will be mined by open cuts at a nominal cost.
A contract has been entered into for the erection of a mill and
cyanide plant capable of handling 1,000 tons of ore daily, which will be
completed this year. The directors guarantee that this plant will be
placed in operation, regardless of the amount of treasury stock subscribed.
The net profit after commencing operations will exceed \$50,000 a
month, and probably reach \$100,000 a month, within a year. The ore
in sight will supply such a plant for more than forty years.

CURRENT LOCAL NEWS.

Ex Governor Russell is in the city on legal business.

Ground was broken Monday for the textile school at the Agricultural and Mechanical College here.

The July term of Wake Superior Court convened Monday, Judge Robinson presiding. It is a criminal term.

Mabel Green, daughter of Hugh Green, near Morrisville, was pouring oil on a fire one day last week, when the can exploded and she was frightfully burned. She died in a few hours after the accident.

Mrs. "Stonewall" Jackson was a visitor in our city Saturday and Sunday, the guest of her sister, Mrs. D. H. Hill. Mrs. Jackson visited the Soldiers' Home Sunday afternoon and talked with many of the old soldiers that followed her gallant husband in the civil war. Monday Mrs. Jackson and her little grand daughter left for Morehead City.

Directors N. C. R. R. Appointed.

The Governor, Tuesday, appointed the directors of the North Carolina Railroad which are as follows: Hugh G. Chatham, Elkin L. B. Holt, Burlington. L. B. Holt, Burlington. W. H. Williams, Newton. A. W. Graham, Oxford. Dr. V. E. Turner, Raleigh. S. C. Potts, Raleigh. C. M. Cooke, Jr., Bessemer City. State's proxy, Dr. J. R. McLellan, physician, Statesville. It is stated that Mr. Chatham will be elected president of the road and Dan Hugh McLean Secretary and Treas. uror.

More Rural Free Delivery Routes For Wake.

Congressman Pott has returned from Washington city, where he went to see the Postmaster General in regard to the establishment of a number of rural free delivery routes in Wake and Johnston counties. To the reporter of a morning paper he said:

"I had an interview with First Assistant Postmaster General. He made me the promise that within the next thirty or sixty days he would send a special agent to this district and lay off all the rural free delivery routes for which petitions have been filed. Mr. Atwater had about a dozen petitions on file, and some six or eight have been sent in by me. Before the summer passes I hope to have all these routes established and in operation. Mr. Machen informed me that all that has been done on my part and on the part of those filing the petitions that could be done, and that nothing remained now to be done but for the Department to send special agents here to put the routes in operation."

ANOTHER STORM AT CALVESTON, TEX.

That Town Again The stricken With Being Flooded.

The following message was sent from Galveston, Texas, Tuesday night to Washington by the weather official:

"Storm northeast 9:50 p. m. Galveston, Corpus Christi, Brownsville. Disturbance over lower Rio Grande valley will cause gales with rain over western gulf tonight and Wednesday, moving east."

Late trains leaving the city tonight are filled with people going to Houston on account of the approaching storm, which may strike Galveston, and it may not. The shipping is prepared for the blow should it come.

The wind has driven the water of the gulf across the devastated district and it is now, at midnight, encroaching on the residence district of the city.

Every effort is being put forth to quell the panic; but if the wind does not die down by morning the water will probably be over the greater portion of the city including the business district. The wind is blowing about 35 miles an hour.

An Old Soldier Wanders From the Home News and Observer.

Julius G. Henry, an inmate of the Soldiers' Home, has disappeared, and the superintendent would be glad to have any information as to his whereabouts.

He came here some two weeks ago from Greene county. It was discovered soon after his arrival that his mind was affected and his friends were written to in regard to his condition, though it was not considered serious.

On last Thursday afternoon, however, Mr. Henry left the Home, saying he was coming to the city to make some small purchases. Instead of coming to the city, he has been ascertained, he went off toward the rock quarry and down the Tarboro road. It is thought possibly he was trying to return to his home in Castoria, which is in that direction. But nothing has since been heard of him, though the officials at the Home and the police have made diligent inquiry.

Mr. Henry is about 63 years old, and during the war was a member of Colonel Bennett's regiment (14th N. C.). In a battle he was blown up by a powder mine and his forehead is forehead is still full of blue powder marks.

Notice to Stockholders of N. C. R. R. Co.

The second payment of the thirty-ninth annual dividend, due the stockholders of the North Carolina Railroad Company, three per cent. on the said company, will be due and payable at the office of said company in Burlington, N. C., August 10th, 1901.

SPENCER B. ADAMS, Secretary and Treas.

A WARNING.

To feel tired after exertion is one thing; to feel tired before is another. Don't say the latter is laziness; it isn't; but it's a sign that the system lacks vitality, is running down, and needs the tonic effect of Hood's Sarsaparilla. It's a warning, too—and sufferers should begin taking Hood's at once. Buy a bottle today.

THE PUBLIC SCHOOLS.

Some Comment on the Election of County Superintendents.

The State Superintendent of Public Instruction has issued the following circular letter: To County Board of Education—The new school law requires that on the second Monday of July your board shall elect a county superintendent of schools. It would seem needless for me to call your attention to the importance of this election; but the success of the public schools rests largely upon your action. The superintendent should be the leading factor in the administration of the law. From him you will get most of the information about how the schools are being conducted in your county. It therefore becomes of the highest importance that you secure for this office the services of one of your best teachers. The work under the new law will require the entire time of the superintendent while schools are in session. We need in every county in this State a teacher for superintendent who has the confidence of the teachers in his county—a man that is a teacher in educational thought and work a man that is competent to teach teachers how to teach, a man that will inspire and arouse the people to the importance of education at this time. The county superintendent is required to conduct educational meetings in every township. He should be a good talker, full of enthusiasm and well posted in the best methods of teaching. He should be a man of such business judgment and courage as to see that all the money that belongs to the school fund shall go into the treasury, and with your assistance know that it is being wisely and economically spent for the children.

You will see that the powers and duties of the county boards are greatly enlarged. It is important that you require your superintendent to visit the schools and encourage him in every way you can. The work you have before you demands your best thought and most patriotic devotion. There never has been a time when so much was demanded of school officers as now. It is hoped that you will not only be careful in selecting a suitable man for superintendent, but that you will also appoint the best men you can find in your county for committee men.

Earnestly beseeching your co-operation in every effort to encourage and stimulate our people in the great cause.

T. F. TOOK, Sup't. of Public Instruction.

A PRETTY OFFER.

Something That Will Please the Ladies of the Household.

There is something pleasant and cheery in the words "Good Times," no matter whether they are applied to existing conditions, to some period in the future, or as a name to a book or paper or anything. There's never any disadvantage in hearing the words. A very attractive and interesting magazine—one that will especially interest the lady members of a household is named "Good Times." It is published monthly and is remarkable for the number of timely and good things it contains. There is a prospectus of this magazine in this issue, and we will keep it before the public for the next month.

There is a way for any one to get this publication six months free of charge. The *CAUCASIAN* will send it six months free to any old subscriber who will renew, and to any new one who will subscribe during the month of July.

This opportunity is worth taking advantage of.

Annual Meeting of Stockholders.

The fifty-first annual meeting of the stockholders of the North Carolina Railroad Company will be held at Greensboro, N. C., on the second Thursday of July, 1901.

Stockholders can get tickets to attend the meeting with their immediate families by applying to the Secretary at Burlington, N. C.

SPENCER B. ADAMS, Secretary.

Raleigh Business Directory.

A newspaper whose columns overflow with advertisements of business men has more influence in attracting attention to building up a town than any other agency that can be employed. People go where there is business. Capital and labor go where there is an enterprising community. No power on earth is so strong to build up a town as a newspaper well patronized, and its power should be appreciated.—T. DeWitt Talmage.
